CAREER OBJECTIVE

Enthusiastic and self-driven B.Com graduate with a strong passion for technology and software development. Equipped with hands-on skills in full-stack web development, digital marketing, and WordPress, along with 1 year of practical teaching experience in computer education. Seeking a challenging role in the IT industry where I can apply my technical skills, creativity, and dedication to deliver impactful solutions and grow as a software professional.

EDUCATION

Bachelor of Commerce (B.Com)

Thakur Ramnarayan College of Arts & Commerce, Mumbai | 2022 – 2025 | CGPA: 6.0 / 10

- Relevant Subjects: Business Communication, Financial Accounting, Economics, Computer Applications
- Actively pursued self-learning in software development and web technologies alongside academics

TECHNICAL SKILLS

Frontend	HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript, jQuery
Framework / Library	React.js
Backend	Node.js
Languages	C, C++, Java, Python
Databases	SQL, MySQL, MongoDB
CMS	WordPress (Theme Customization, Plugins, Business Sites)
Digital Marketing	SEO, SEM, Social Media Marketing, Google Analytics
Tools	Git, GitHub, VS Code, Postman, API Integration

WORK EXPERIENCE

Computer Instructor | Grow Skills Academy | *2024 – 2025 (1 Year)*

- Taught computer fundamentals, MS Office, internet usage, and basic programming to students
- Designed lesson plans and practical exercises to make learning engaging and effective
- Mentored students in software tools and helped them build confidence with technology
- Conducted assessments and provided individual feedback to improve student performance

CERTIFICATIONS

- Diploma in Software Development — Grow Skills Academy
- Digital Marketing Fundamentals — Self-Learning / Online Platforms
- WordPress Website Development — Self-Learning / Online Platforms
- JavaScript & React.js — Grow Skill Academy

PROJECTS

AI-Based Scholarship Finder — *HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, API Integration*

- Built an AI-powered web app that helps students discover scholarships based on their profile and eligibility
- Integrated external API to fetch and filter real-time scholarship data intelligently
- Designed a clean, responsive UI with Bootstrap and Tailwind CSS for seamless user experience

Calculator Hub — *HTML, CSS, JavaScript, Bootstrap, jQuery*

- Developed a multi-functional calculator hub with Scientific, BMI, Age, and Currency calculators
- Used jQuery for dynamic UI interactions and Bootstrap for a fully responsive layout

Portfolio Website — *React.js*

- Designed and developed a personal portfolio website to showcase projects, skills, and contact details
- Built with React.js using component-based architecture; fully responsive across all devices

Business Website — *HTML, CSS, JavaScript, Tailwind CSS, jQuery*

- Created a fully responsive business website with service pages, contact form, and modern UI
- Used Tailwind CSS for utility-first styling and jQuery for interactive animations and effects

ACHIEVEMENTS & ACTIVITIES

- Successfully delivered computer education to 50+ students during 1-year teaching tenure at Grow Skills Academy
- Built and deployed multiple real-world web projects independently using modern tech stacks
- Consistently upgraded technical skills through online courses, documentation, and self-practice
- Strong ability to explain complex technical concepts clearly — honed through teaching experience
- Actively exploring AI tools and API integrations to build smarter, user-centric applications
